

Project Process

- **The brief** - Initial site visit by our designer and a consultation on overall vision.
- **Review** - View and discuss design concepts in our showroom and any amendments made.
- **Finalise, quote and book** - Client reviews quotation. **The project is booked by way of a deposit in order to develop the project further. (Kindly note it is company policy not to release plans until this stage)**
- **Sub-Trade site meeting** - Client, Kitchen Craft and required sub-trades meet onsite to assess and quote work. Quotes compiled and presented to our client for sign off.

- **Specifications and Agreement** - Final plans, materials, appliances and colours to be signed off.
- **Final Measure** - Final site measure by Kitchen Craft to ensure final plans are correct and ready to build.
- **Project Schedule** - A project day schedule will be issued to the client and all relevant sub-trades.
- **Project Install** - Kitchen Craft onsite as per schedule to install and complete project.
